There is lately published a two sheet Map of South America, copyed after a very erroneous French Map done at Paris in 1703, and to flatter ye world dedicated to Dr. Halley, and pretended in y Dedication to be corrected by his own Discoveries This Copy places C. Horn in Lat 56 and makes ye Long. between C. Horn and C. St. Augustin 27 Deg. whereas Dr Dexter lays C. Horn in Lat 57 30 and makes ye Long between C. Horn & C. St Augustin 45 or 46 that this false Map differs from Dr Halley's and all other late Observations, in ye Lat of C. Horn 1/4 and in ye Long between ye said Capes 18 D. and consequently makes our Sailing to ye South Sea 1656 by above a Thousand Miles than really it is.
